Customer sent the following -

Comments: Smart meters for APS. I assume they have been tested to not harm JUST LIKE A NEW DRUG would be very extensively. ALSO Is their Animal testing especially environmentally as to what the cumulative effect is going to be having millions and millions of microwave transmitters (microwave transmitters have been linked in all kinds of health concerns) I have even read microwaves might be instrumental in the killing of the bees!! What or how would your children or grandchildren deal with the knowledge that their father or grand dad was the one that killed all the remaining bees because YOU voted to make APS richer? vote NO!! SAVE A JOB IN THE PROCESS! MILLIONS OF MICROWAVE TRANSMITTERS ALL AROUND US INCHES OR FEET FROM OUR HEAD EVERY NIGHT!! WHAT COULD POSSIBLY GO WRONG WITH THAT! DUHHH!
